DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 15-17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 15, line 2, "one of the communication links" lacks a proper antecedent basis in claim 14. Claims 14 and 15 are corresponding apparatus claims to method claims 1 and 2. Claim 1, line 3, recites "a plurality of communication links..." to provide a basis to "one of the communication links" in claim 2, line 3. However, claim 14 fails to recite any similar limitation to "a plurality of communication links" in order to provide a basis to claim 15.

Allowable Subject Matter

3. Claims 1-14 and 18-22 are allowed.
4. Claims 15-17 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. The following is a statement of reasons for the indication of allowable subject matter: the prior art of record such as Marker, Jr. (US 4802220 A) and Holder (US 2004/0219951 A1) fails to anticipate or make obvious the feature of the allocated components of the multi-channel message being routed according to selected communication paths for presentation by corresponding electronic devices.
